# UC ADVENTURE CAMP

Summer Camp designed  
for Ages 7 to 13!

Our camp provides a wide range of fascinating experiences for campers aged 7 to 13. Campers will be involved in Technology, Sport, Design, and other art or science-based activities each week in the morning. Adventure campers can participate in swimming once or twice a week, on alternate days, or in other outdoor activities in the afternoon. For our swimming programme, swim leaders will accompany and oversee campers while they are tested and placed in suitable swimming groups.

Adventure Campers embark on an adventure every Friday! Expect a great time at UC Adventure Camp, whether it's hiking, rock climbing, or a field trip to a famous tourist spot in the city!

To register for camp, please submit a registration form online and a cash or cheque payment to the Elementary office by **June 1st, 2023**. Due to limited spaces, enrollment will be on a first-come, first-served basis.

**Register early, limited spots are available!**

## WEEK 1

### Friday Field Trip: Timbercreek Golf

**Virtual Escape Room:** Campers will have the opportunity to design and build their very own virtual escape room. They'll learn to create puzzles and obstacles to test their friends' problem-solving skills!

**Eco Warriors:** Campers will explore Earth's natural wonders and learn about environmental issues while creating innovative solutions.

**Performing Arts:** Campers feel the beat this week as they improve their listening, coordination, and gross motor skills by participating in upbeat rhythmic drum playing.

**Badminton:** Badminton is a fun and engaging sport perfect for kids of all ages and skill levels. Our badminton programme is designed to teach kids the fundamentals, promoting teamwork and sportsmanship.

## WEEK 2

### Friday Field Trip: Treetop Trekking

**Co-Space AR/VR:** Our campers will have the opportunity to explore various AR and VR applications, from designing their 3D environments to creating interactive experiences using the latest software.

**Crime Scene Investigation:** Campers will learn about the science of crime scene investigation and develop their problem-solving and critical-thinking skills while solving the crime!

**Survival Skills:** Campers will be taught various survivor skills and compete to put their Survival Skills to the test. Get ready to master the art of survival at our Survival Skills summer camp programme!

**Obstacle Courses:** With various obstacles, such as hurdles, balance beams, and tunnels, what a fun and challenging way to get kids moving and active!

## WEEK 3

### Friday Field Trip: Toronto Zoo

**Digital Arts and Design:** Campers will learn about graphic design, animation, and other digital art forms, and gain hands-on experience using design software.

**Mad Scientist:** Campers will be involved in mad experiments exploring crazy scientific concepts!

**Art Attack:** This programme is designed to inspire campers to explore their creative side and express themselves through various forms of art, including drawing, painting, sculpting, mixed media art and fashion design.

**Olympics:** So, whether you're a future Olympian or just looking for a summer adventure, our Olympics-themed camp is the place to be. Join us and let the games begin!

## WEEK 4

### Friday Field Trip: Science Centre

**Minecraft:** Minecraft is a popular video game that allows players to explore and create their own virtual world. In Minecraft, players can gather resources, build structures, and interact with other players online.

**Wizardly Arts:** The programme provides an immersive and interactive magical STEAM experience that is sure to inspire and engage students of all ages.

**Architectural Design:** Calling all future architects! Join us in this exciting camp where you can explore the fascinating world of architectural design. Don't miss out on this chance to become an architectural mastermind!

**Volleyball:** Set, serve, and spike! Campers will practice their bumps, spikes, serves and volleys this week playing volleyball.

\*Field trips are subject to change.

## WEEK 5

### Friday Field Trip: Black Creek Pioneer Village

**Web Development and Design:** Campers will explore web design and the development of fundamental basic skills. They'll learn about HTML, CSS, and JavaScript, and work on creating their own websites.

**Blast off to Space:** With hands-on activities building your rockets, you'll ignite your imagination and develop a profound interest in space science.

**Travel Around the World:** The Travel Around the World programme is a fun, educational way for campers to expand their knowledge, and gain an appreciation for the richness and diversity of our world.

**Soccer:** Soccer is a popular and fun team sport that kids can play outdoors. We will divide the campers into teams and have them play against each other in a small group.

## WEEK 6

### Friday Field Trip: Air Riderz

**Gaming and Game Design:** Campers will learn the basics of game programming. Campers will develop their problem-solving and critical-thinking skills through hands-on activities and challenges.

**Medical Heros:** Get ready to be amazed by the incredible complexity of the human body and discover the secrets of good health!

**Build Your Board Game:** Over the course of the programme, campers will learn the fundamentals of game design, bring their ideas to life, and have a blast playing with each other's unique creations!

**Archery:** Robin Hood had to learn his skills from somewhere, and so will you! Campers will become straight shooters this week as they learn the ancient art of Archery!

## WEEK 7

### Friday Field Trip: Little Canada

**Digital Media and Marketing:** Campers will learn about digital marketing and explore content creation. This camp will challenge campers to think creatively about how to use technology to promote products and services.

**Jurassic World:** The Jurassic World STEAM programme is a fun and engaging way to introduce students to STEAM concepts while exploring the fascinating world of paleontology and dinosaurs.

**Dragon's Den:** We invite you to join us and let your imagination soar as you learn how to develop and market your own product!

**Basketball:** Dribble, pass, shoot, and score! This week campers will learn ball handling and shooting skills as well as essential rules and strategies while playing this timeless game of Basketball!

## WEEK 8

### Friday Field Trip: Living Arts Centre

**Robotics/Coding:** Through hands-on activities, campers will discover the many ways that robotics is used in our everyday lives, and learn valuable skills in problem-solving, critical thinking, and collaboration.

**Electrifying Power:** Campers charge up this week as they explore circuits and electricity. They will create their circuits and learn how to harness various forms of electric power this week at camp.

**Nature Lover:** We are looking for nature lovers who are ready to put their crafty skills to work. Campers will be creating their own unique masterpieces while only using items that can be found in nature.

**Hockey:** It's time to get your gear on. Practice your shots, passes and saves this week playing floor hockey!

\*Field trips are subject to change.

# UC TUTORING PROGRAMME

REACH TO ACHIEVE TUTORING PROGRAMME  
FOR AGES 4 - 13

- ✓ Tutoring in Math and Language
- ✓ Formal assessment / Individual Education Programme taught by Certified teachers
- ✓ Low teacher-student ratios
- ✓ Tutoring session:
  - Morning sessions (9:00 to 11:30 AM)
  - Afternoon sessions (1:00 to 3:30 PM)
- ✓ Can work in combination with our Summer Camp (7:00 AM to 6:00 PM)

CHILDREN AGES 4 - 5 ARE TAUGHT USING A BLENDED MONTESSORI APPROACH WITH A ~ 1-10RATIO.

## ENGLISH AS A SECOND LANGUAGE (ESL) PROGRAMME

Tailored specifically for students new to Canada or who speak another language at home, this ESL program provides an immersive English-speaking environment that helps students build their language skills through various fun and engaging activities.

With experienced and certified ESL teachers, the programme uses a variety of language-focused activities such as games, songs, stories, and arts and crafts to help young students improve their English language proficiency. By immersing themselves in an English-speaking environment, students will become more confident using English in everyday situations, and improve their overall academic and personal performance.

If you are interested in a **French Tutoring Programme**, please get in touch with the summer camp office at [summercamp@unionvillecollege.com](mailto:summercamp@unionvillecollege.com).

# UC DISCOVERY CAMP

Summer Camp designed  
for Ages 3 to 6!

UC Discovery Camp is geared towards children aged 3 to 6, and it offers a variety of unique, fun-filled experiences in a safe, loving setting. Campers are divided into age groups and supervised by a qualified childcare provider and an assistant. Every day, campers will engage in morning and afternoon activities such as French, Science, Art, Music, Technology, and Gym, with field trips or a special guest visit scheduled on Fridays. We offer Junior Discovery Camp for ages 2.5 to 3, and Senior Discovery Camp for ages 4 to 6.

Please note: all children must be of specified ages as of June 30th, 2023.

To register for the Discovery Camp, please submit a registration form online and a cash or cheque payment to the Casa office by **June 1st, 2023**. Payment for Junior Discovery Camp should be made at the Pre/Jr Casa office. Due to limited spaces, enrollment will be on a first-come, first-served basis.

**Register early, limited spots are available!**

## FRENCH

Campers will be exposed to the integrated AIM French Teaching Method, which teaches the French language via action-based activities in theatre, dance, and music.

## TECHNOLOGY

Campers have the opportunity to enjoy learning via the use of technology. Various engaging, interactive, and instructive software/apps stimulate campers' imaginations while assisting in developing their technical abilities.

## MUSIC

Campers will also be introduced to the fundamental aspects of music, such as rhythm, melody, dynamics, phrasing, and form, through activities like singing, dancing, and playing simple Orff instruments.

## GYM & ACTIVITIES

Campers will engage in exciting gross motor activities such as sports and gymnastics. They will build healthy attitudes and learn to work together while being physically active.

Campers will also participate in specialized activities ranging from acquiring life skills like cooking and sewing to learning healthy living activities like dancing and yoga in our specialty room.

## ART

Campers express and develop their creativity in the Arts by working with various media such as painting, sculpting, drawing, and collage.

## SCIENCE

Campers will also learn about various themes in the Life, Physical, and Natural Sciences. Hands-on activities will help students learn process skills such as observing, describing, discussing, comparing, and predicting.

## VISITORS & FIELD TRIPS

Campers will participate in a special thematic field trip, or a visit from a special guest scheduled every Friday throughout the summer. Please see the following schedule.

**Week 1** - Stouffville Heritage Education

**Week 2** - Brooks Farm

**Week 3** - Zoo to You & Reptillia

**Week 4** - Scientist in School

**Week 5** - Black Creek Pineer Village

**Week 6** - Sky Zone

**Week 7** - Mess for Fun

**Week 8** - Great Big Theater Company

\*Field trips are subject to change.
